### Dunlee + Philips Healthcare = Experience

As a division of Philips Healthcare, Dunlee combines 160 years of R&D expertise with a reputation for excellence and customer satisfaction that is second to none. Through reverse engineering techniques, Dunlee engineers produce products that are identical in fit, form and function to that of the OEM along with improvements to that of the original product.

The Reevo 240G offers the same warranty as the OEM product. All Dunlee tubes are backed by 24 hour, seven days a week technical and customer service support.

### More Smart Options for Shrinking Budgets

In addition, the Reevo 240G is offered through *Dunlee's Glassware Solution* program. Glassware Solutions offers a variety of plans that level monthly glassware costs at a significant savings. Rather than paying the cost of each individual replacement tube, Dunlee Glassware Solutions provides unlimited glassware replacement coverage over the life of the program, all for a fixed monthly fee.

Choose a product that ensures diagnostic excellence and helps to keep your LightSpeed VCT series CT systems operational without breaking your budget. Choose the Dunlee Reevo 240G.

*At Dunlee, our expertise revolve around you.*

### REEVO 240G Product Specifications

<b>TUBE</b>	
Nominal Tube Voltage	140kVp
Nominal Anode Input Power	100kW
Focal Spot	0.7 x 0.6 / 0.9 x 0.9
Anode Heat Storage Capacity	5.7MJ (8.0 MHU)
<b>TUBE ASSEMBLY</b>	
Total Heat Storage Capacity	8.0MJ (11.2 MHU)
Permanent Min. Inherent Filtration	3.9mm Al
Weight with Accessories	106.5kg (234 lbs)
Safety Classification	IEC 60601-1, IEC 60601-1-3 IEC 60601-2-28, IEC 606336, UL (CSA)/CE, US FDA 21 CFR
Warranty	12 mos/6,000 patient exams
