

TAP

Dunlee Tuition Assistance Program for medical imaging service providers

Value added support for service organizations is just one of the many reasons why Dunlee remains the undisputed leader in CT and Radiographic replacement tubes.

DUNLEE

MEETING TODAY'S CHALLENGES In today's challenging economic climate, training budgets may be reduced or cut completely. Dunlee understands this, and as a result, we have developed the Tuition Assistance Program (TAP). This program is designed to assist service providers with the necessary training needed to correctly service today's complex imaging systems.

Dunlee developed this assistance program to empower our customers and assist hospitals in reducing their equipment service costs. Simply follow these guidelines.

REGISTER FOR ACCREDITED TRAINING Contact Heather Funk at heather.funk@philips.com to register. Following registration, contact one of the approved service training companies below to schedule your training.

- **AllParts Medical**, Nashville, TN
- **C&G Technologies**, Jeffersonville, IN
- **ReMedPar**, Goodlettsville, TN

- (866) 507-4793**
- (877) 248-7226**
- (800) 624-3994**
- (800) 229-7784**

PURCHASE ONE OF THESE TUBES within 12 months of completion of course to qualify for TAP.

TAP Program Eligible CT Systems

<u>Tube Type</u>	<u>Original CT System</u>
Reevo 240G	Replacement tube for use in the GE LightSpeed VCT, LightSpeed VCT Select, LightSpeed RT16, LightSpeed Xtra, and Discovery VCT CT Systems.
DA-200	Replacement tube for GE LightSpeed, 16, Ultra, Plus, Pro 16, RT (4 slice), QX/i, BrightSpeed 4 (Excel), 8 (Edge), 16 (Elite), Discovery
S-532B/Q	Replacement tube for Siemens Brilliance 16, SOMATOM Sensation 4, SOMATOM Volume Zoom, SOMATOM Volume Access, SOMATOM Sensation Cardiac, SOMATOM Sensation 10, SOMATOM Sensation 16 or SOMATOM Plus 4 Volume Zoom.

RECEIVE TUITION ASSISTANCE E-mail Dunlee confirmation of the successful course completion and you will receive tuition assistance as a reimbursement for tuition expenses of up to \$8,000 for a Reevo 240G and up to \$5,000 for a DA-200 or S-532B/Q tube. Refunds will be in the form of a credit applied toward the purchase of a Dunlee tube.

- If the customer decides to purchase the CT tube through the training company instead of directly from Dunlee, the reimbursed amount will be 50% of the above limits. In this case, the credit will be issued to the training company's Dunlee account and it will be their responsibility to pass the savings on to the customer/trainee.
- Dunlee will only provide tuition assistance for 1 person per CT scanner for hospital in-house groups and 1 person per ISO.
